

## Pineapple Casserole

My friend Marinna makes this for Easter. I've modified it to make it dairy free by using coconut oil and dairy free bread. You can make it gluten free by using gluten free bread and a gluten free "flour"

1 can (20 oz.) untrained , crushed pineapple

4 eggs

1 Tablespoon flour

¼ Cup Sugar

5 slices bread, dairy free, broken into pieces, crust removed

¼ cup Olivio Coconut Spread, melted

Mix flour, sugar, slightly beaten eggs. Add pineapple and pour into 2 quart casserole dish sprayed with cooking spray. Melt coconut spread in skillet, add bread and brown slightly. Spoon over pineapple.

Bake 350 minutes, 45 minutes
